MyAusVisa

PRIVATE PRINTABLE RECORD

New passport, visa or application

> Use this sheet to record your own checks. It is not a Home Affairs form, a visa decision, or proof that a new passport has been linked. Keep passport numbers and application references private; do not send this sheet to MyAusVisa.

01 / ROUTE

Check the correct update channel

- [ ] ETA 601 on the old passport: check eligibility and apply for a new ETA using the new passport. The old ETA cannot transfer.
- [ ] Other visa or pending application: open ImmiAccount > Update details > Change of passport details for the applicant.
- [ ] Cannot import the application, or another listed exception applies: check the Home Affairs New Passport Details web form.
- [ ] Australian passport holder: the New Passport Details web form is not for Australian passport holders; check citizen travel guidance.

02 / RECORD

Keep the submission and follow-up details

Visa subclass / application status _____

Channel I used / date submitted _____

Acknowledgement saved where _____

Travel date / next check date _____

03 / BEFORE TRAVEL

Verify the result, not only the submission

- [ ] I checked my Home Affairs message or new ETA decision, and compared the linked document with the passport I will use.
- [ ] For a visa in effect, I checked VEVO and read the full grant notice. VEVO does not show a visa that is not yet in effect.
- [ ] I have my current valid travel document and any expired document still linked to the visa, as Home Affairs advises.

CHECK THE CURRENT OFFICIAL SOURCE

- New passport instructions and web-form exceptions >
- ETA 601 - a new passport needs a new ETA >
- VEVO current visa details and limits >
- Entering Australia with linked documents >
