NO FURTHER STAY | PRIVATE RECORD

Record your condition and the change

> Use one record per affected person. This is not an official request, an eligibility decision or legal advice. Keep completed notes and personal documents on your own device; do not send them to MyAusVisa.

01 / READ YOUR ACTUAL VISA

Check grant and VEVO before making a plan

Private reference or initials (optional)

Visa subclass and exact condition code

Grant date / last authorised stay date / date VEVO checked

- [ ] Travel validity is not the permitted stay on one entry. Clarify ambiguous dates promptly.
- [ ] A policy announcement or someone else's grant does not record my actual conditions.

02 / EXPLAIN THE CHANGE

Keep the three questions separate

What changed after my visa grant, and when?

Why was this outside my control?

What makes the circumstances compassionate or compelling?

Use truthful evidence. A published example does not mean that my own request qualifies.

NO FURTHER STAY | PRIVATE RECORD

Prepare evidence and keep stay lawful

> A request is not a waiver or a visa. It does not extend my permitted stay. If my visa expires before a decision, Home Affairs says I become unlawful. Get current status help promptly if expiry is approaching or has passed.

03 / USE THE CURRENT OFFICIAL CHANNEL

Make an individual request

- [ ] Read the live waiver guidance and exact condition wording. The online form names 8503, 8534 and 8535; Form 1447 also mentions 8540. Do not select an incorrect condition.
- [ ] Prepare the passport biographical page and relevant supporting evidence. Follow the waiver-specific NAATI English translation instruction for non-English documents.
- [ ] Each affected person submits their own request. Keep their receipt and submitted copy privately.

Evidence needed / translation question / official clarification

Private location of receipt and submitted records

04 / FOLLOW UP WITHOUT ASSUMPTIONS

Read requests and the written decision

- [ ] Check individual Department requests and deadlines; a general processing indication is not a promised decision date or permission to stay.
- [ ] A granted waiver is not a new visa grant. Check that next visa's separate eligibility and application-location rules.
- [ ] A waiver refusal cannot be reviewed by the ART. A new request needs substantially different circumstances; keep later visa decisions separate.

Decision date / next official step / qualified-help question
