MyAusVisa

STUDENT VISA 500 / YOUR REAL COURSE

Plan the course and evidence

Use this sheet on your own device. MyAusVisa does not collect your passport, education, financial or family records. This is not an official form or a fixed document list.

01 / COURSE

Confirm what you will study

Education provider and CRICOS code

Course name, start date and any packaged courses

CoE for each course, or applicable special-category evidence

02 / DOCUMENT TOOL

Use your passport and provider

- [ ] I selected my actual passport country and education provider in the Home Affairs document tool.
- [ ] I checked the tool's current list and my ImmiAccount attachment prompts before lodging.
- [ ] I noted any required English and financial evidence, family records and translations.

03 / GENUINE STUDENT

Draft answers in your own words

Why this course and provider fit my circumstances

How I expect the course to benefit me

Records that support my answers

Check before lodging

04 / FUNDS AND COVER

Check the route that applies

- [ ] If the current tool requires financial evidence at lodgement, I have attached genuine records for the correct funds or annual-income route.
- [ ] I checked OSHC dates and the new 2 October family exemptions before including anyone.

05 / CHILDREN AND LOCATION

Review extra requirements

- [ ] If a student is under 18, I checked parental consent, approved welfare and the date those arrangements begin.
- [ ] I checked if I must be outside Australia at both Student application and grant.

06 / FINAL CHECK

Submit the complete application

- [ ] Names, passport details, course dates, answers and supporting records agree.
- [ ] I translated non-English documents and uploaded readable files through ImmiAccount.
- [ ] I checked the live charge, submitted, and saved my application reference.
- [ ] I will monitor ImmiAccount for requests and read the written decision and conditions.

> The official Student 500 page, document tool and your ImmiAccount prompts control the requirements. A checklist or completed biometrics appointment never guarantees a visa.
