MyAusVisa

01 / THE DECISION

Check the visa you were granted

Use your own Visa Grant Notification and current Home Affairs record. This private worksheet is not a visa or border clearance. Keep passport and grant numbers out of messages to MyAusVisa.

STEP 1

Read the complete grant

- [ ] Open the complete notice in my application channel; save a private copy.
- [ ] Match each traveller's name and passport to their own grant.
- [ ] Check subclass, stream, grant date and visa expiry.
- [ ] Check first-entry or must-not-arrive-after dates and entries allowed.
- [ ] Check the stay period and every work, study or other condition.

STEP 2

Compare with VEVO

VEVO displays your current in-effect visa. It does not show an application still under assessment or a visa that is not in effect. Use your travel document and accepted reference, then compare dates, stay and conditions.

- [ ] Current visa and subclass in VEVO match my plans.
- [ ] I checked the expiry, arrival date and permitted stay separately.
- [ ] If VEVO has an error, I followed its official troubleshooting steps.

Home Affairs - VEVO for visa holders >

Before your journey

STEP 3

Check the travel document

- [ ] I have a current, valid passport or other accepted travel document.
- [ ] I checked my passport expiry and any airline or transit-country rule; Australia has no universal six-month passport-validity rule.
- [ ] I will bring any older document still linked to this visa.
- [ ] If I obtained a new passport, I followed Home Affairs' update process.
- [ ] If my visa is ETA 601 and my passport changed, I applied for a new ETA; the old ETA cannot transfer.

STEP 4

Prepare for the border

- [ ] I checked the Incoming Passenger Card instructions for my flight or ship.
- [ ] I checked the current rules for the goods I am carrying and will declare items when required.
- [ ] My planned arrival and activities still fit the visa and its conditions.

> If a passport detail, date, entry or condition does not match your journey, use the official passport-change or VEVO error channel before relying on a booking. A grant does not guarantee entry.
