Visa waiting and request record

Write down the exact tool selection - no email or upload required

This is a private record, **not a processing forecast, visa decision or permission to remain, work or travel**. Keep completed application references, requests and evidence on your own device. Nothing you write here is sent to MyAusVisa.

1 | MATCH YOUR ACTUAL APPLICATION

Visa subclass and stream / Student sector: _____

Actual application lodgement date: _____

Date and time I checked the Home Affairs tool: _____

Visa Type selected in the tool: _____

Visa Stream selected (or Not applicable): _____

2 | RECORD THE RESULT WITHOUT PREDICTING A DECISION

50% of recently decided applications: _____

90% of recently decided applications: _____

Tool label or explanatory note: _____

- ☐ These percentages describe **recent decisions**, not approval rates or a deadline for my own application.
- ☐ For Visitor 600, I used my actual stream rather than the broad Visitor median that combines 600, 601 and 651.
- ☐ For Working Holiday 417/462, I kept a possible offshore wait and any first-462 ballot step separate from the broad category median.

The Department says its public tool does not check any specific details of your application. Reopen it for a newer result when needed; keep this date so an older figure is not mistaken for today's guidance.

Visa waiting and request record

Messages, deadlines, current visa and official sources

3 | READ THE ACTUAL REQUEST

- [ ] For an application managed in ImmiAccount, read **Messages** and **Actions required**. Follow the exact request letter.
- [ ] For an app-based ETA, check email including junk. If asked for further processing, follow the specific form link in the letter; do not submit repeated ETA app applications.

Request date / what was requested: _____

Deadline exactly as stated: _____

Official response channel and document category: _____

Response date and private receipt location: _____

Outstanding question or evidence: _____

4 | KEEP OTHER DEADLINES SEPARATE

- [ ] Check my current visa's permitted stay and conditions in my grant and VEVO, if I am in Australia. A processing estimate does not extend that stay.
- [ ] Check any bridging-visa notice separately. Seek qualified help promptly if lawful stay, work, travel or expiry is unclear.
- [ ] Wait for the written decision before relying on a grant or making non-refundable travel, work or study commitments.

Current visa expiry / next action and date: _____

OFFICIAL PAGES TO RECHECK

Home Affairs processing tool: https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-processing-times/global-visa-processing-times

Why processing times vary: https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-processing-times

MyAusVisa guide and explanation: https://myausvisa.com/australian-visa-processing-times

Use your own official messages and visa record for any action. This worksheet neither tracks a case nor contacts the Department for you.
